

1 DELEGATE SCANLAN: Amendment No. 1, introduced  
2 by Mrs. Bothe and myself the other day, was divided.  
3 The first part of it referred to Section 1. That part  
4 of the amendment was voted upon and rejected by a vote  
5 of fifty-four to fifty-six.

6 The second part of our amendment is found  
7 on pages 4 and 5 in which we recommend that on page 2  
8 the committee strike all of lines 15 through 25. In  
9 short, we recommend that Section 4 be stricken. I  
10 believe this part of the amendment was properly divided  
11 and therefore I think <sup>it</sup>/would be in order now.

12 DELEGATE JAMES: Are there copies of this  
13 amendment? There is some question about the form of  
14 it. I am advised by the parliamentarian at the time  
15 it was presented there was not a division in the ques-  
16 tion adopted.

17 The language on line 4 on page 2, strike out  
18 all of lines 15 through 25 were stricken from the par-  
19 liamentarian's copy, which indicates it was just sub-  
20 mitted really on the single question.

21 Does everyone have a copy of this amendment?
